## NEWS SUMMARY.

Vermont has 16,671 licensed purps.  
Virginia has ninety-four newspapers.  
Adelina Patti is to come to America next year.  
The British government has granted a pension of fifteen hundred dollars to the children of Dr. Livingstone.  
The Turkish government has determined to commence a system of internal improvements on a large plan. Rivers, harbors, and roads are to be repaired and enlarged.  
The Western Union Telegraph lines have been extended to Brownsville, Texas, establishing telegraphic communication between the United States and Mexico.  
The fire in Geneva, Switzerland, destroyed two blocks.  
News from Persia says the famine is still severe, and the people are suffering very much.  
The Chicago papers call loudly for the better regulation of the fire insurance business, by State authority.  
The funded debt of Vermont has been reduced the past year \$408,000, and it now amounts to \$547,500.  
The Moscow Gazette counsels Russia to demand the neutralization of Denmark and the restoration of Northern Schleswig to the latter country as a means to counteract the power of Prussia on the Baltic sea.

## THOSE FEES, AGAIN.

On last Wednesday the Judiciary Committee of the House of Representatives adopted a report accompanied by the following resolution, which we find in the Nashville Banner of Thursday, concerning the fees claimed by the attorneys for the State in the matter of the delinquent railroads:  
"That the Attorney General and Reporter for the State be and he is hereby instructed to sue said parties without delay for the recovery of said bonds, or the par value thereof, for the use and benefit of the State, or to take such other steps as he may deem necessary for the protection of the State interest."  
The resolution was postponed and a mild one adopted, instructing that officer, to "file exceptions to the report of the Clerk and Master of the Chancery Court in regard to the fees of the counsel, and use every effort to prevent its confirmation by the Court."

The main report of the Judiciary Committee use still plainer language, which we extract, as follows:  
"Your committee can find no law authorizing the payment of \$2,000 of the people's money to the Hon. E. L. Ewing, Wm. F. Cooper and W. B. Reese, as attorneys, or of \$5,000 to each of the commissioners as fees for services rendered to the State. Certainly it is not found in the act referred to which fixes the fee for each attorney at \$2,000, and each commissioner at \$3,000, and which is the only law upon the subject. The disparity between the amount allowed by law and the amount paid or about to be paid to the attorneys referred to, and which may be paid to a portion of the commissioners, is absolutely shocking, and however pure and ingenious their motives may have been, your committee cannot hesitate to condemn the transaction as one not warranted by the law, and wholly unparalleled by any known instance of professional overcharging."

Mr. Gordon, the member who offered the ironical resolution on Monday, was not in favor of concealing the truth or showing any favor to the gentlemen in question. He "considered this exorbitant charge on the part of the counsel as the greatest outrage on the State that had been perpetrated since the war. The outrageous extortion, for such it must be called, was a disgrace to the legal profession and a blot on the fair fame of the State. He would vote for the resolution, but would cast his vote with still greater pleasure if the language had been stronger."

But, after considerable discussion, it was decided to proceed with caution and take no action, until the matter was fully investigated! Some of the plain dealing members could not see the necessity of hesitation when the question was so plain, and was narrowed down to whether the fees paid should be those prescribed by law or the outrageous demand of the attorneys for twelve times that amount. But they are influential gentlemen and their feelings must not be hurt by a direct refusal! The matter was disposed of for the time by the adoption of Mr. McGhee's resolution to file exceptions, and so it now remains.

A RECENT issue of the Calcutta Englishman contains an article which indicates that a revolt is ripening in British India, and while not wishing to create groundless fears, intimates that the condition of affairs in Lahore and the Punjab are alarming. A rebel Mussulman camp has been established on the frontiers of lower Bengal and the Sikhs are now the source from which the danger is apprehended. The same paper states its belief that the government is powerful enough to put down incipient rebellion with a strong hand, but deprecates concealing the true state of affairs from the home government.

GARIBALDI has written a letter to Victor Hugo, congratulating him on the revival of the Rappet, a Paris paper which had been suppressed during the troubles, and salutes "the re-awakening of that noble France which the despot and the priest have tried in vain to drag through their gory mire." The language is grandiloquent, but it remains for the future to decide whether France will come up to the standard of the encomium lavished upon her by retaining the liberty she now enjoys, or whether she will fall into the ruts of that despotism she deprecates.

If the counsel for the State in the sale of delinquent railroads had been as generous with their impecunious brethren of the bar as the Public Printers are with their needy colleagues of the press, there would be no necessity for legislating Attorney General Thornburgh out of office for the third time to make room for some unfortunate Democratic limb of the law, who cannot make a support by regular practice.

EUROPEAN advices state that the financial affairs of Greece, never very prosperous, have recently become more involved, and the King has been obliged to dismiss his ministers, who were unable to devise a remedy. The treasury for nearly a year has been practically empty, and the troops, not having received their pay, have become turbulent. It is stated that King George, a short time ago, visited St. Petersburg in order to obtain a loan from the Czar, but this request was refused, a former loan of a large sum not having been returned. As a last resource, the Minister of Finance, it is said, intends to raise money by selling some of the public buildings in various parts of the kingdom to foreign capitalists.

"The Democracy Triumphant" is the caption of the article in the Union and American, announcing the re-election of Jones, Purvis & Co. as Public Printers. This is an admission that partisanship was the reason of their re-election and not a desire to have the State printing done cheaply, for other gentlemen offered to do the same work for less than half that Jones, Purvis & Co. now obtain. The Democracy is triumphant in Tennessee, especially when money can be made by all parties.

The Washington Chronicle says "the press and people of New York, having so far broken up the Tammany Ring as to force Tweed's resignation of his office, and to put some of the lesser villains to flight, are now organizing an attack upon the Bench. It was time. Tweed & Co. could never have gained their immense wealth and power without the connivance of judges who were as great scoundrels as themselves."

A member of the Tennessee Legislature has introduced a bill to extend the powers of sheriffs in the execution of criminal process. We have long thought that the sheriffs of Tennessee ought to have not only extended ropes but more of them.—Courier Journal.

That editor may felicitate himself that the jurisdiction of the sheriffs mentioned does not extend over into Kentucky or he might expect a heavy retribution to be visited upon him for that last expression.

ENGLAND claims to have solved the great problem of road steamers, having run one attached to an omnibus containing sixty-five people, from Ipswich to Edinburgh, 450 miles, in 77 hours. The trip was made without any accident or stoppages, and is the most successful on record.

WOMEN of business tact are few in number, but we occasionally hear of one. The latest instance is that of a lady editor in Wisconsin, who advertises through the columns of her own paper for a husband. She says he must be a printer and possess of sufficient means to buy a press.

## NEW ADVERTISEMENTS.

**Arrest Decay.**  
When a plant or a tree begins to decay it must need die. It cannot be revitalized. But it is not so with human beings. A human ruin can be repaired, strengthened, restored, though a brown leaf or a withered blade of grass can never be made green again. In the autumn of life, or even in its winter, when nature seems to be giving way under the pressure of years, it is still possible to retard the progress of decay, and to tend to recovery than its wonted vigor. As a means of promoting this object, Hostetter's Stomach Bitters is unquestionably the most potent of all restoratives. It will not make the old young, but it will prevent, lessen or soothe the infirmities which are the usual accompaniments of the decline of life. For debility and a lack of nervous power, from whatever cause arising, it is the medicine that of all others before the world, best deserves the name of a specific. In purity, in invigorating properties, in adaptation to weak stomachs and feeble organizations, it has no competitor among the tonics of the pharmacopoeia, nor among proprietary remedies. Besides its strengthening principle, it possesses alternative and regulating properties of the highest order, and as an anti-bilious medicine is far preferable to any of the preparations containing mercury. Time has shown that for physical decay, nervous debility, dyspepsia, bilious disorders and intermittent fever, Hostetter's Bitters is a remedy without a rival. This is the season of the fall of the leaf; it is the time when the feeble, the sickly, to invigorate and regulate their systems with this great vegetable tonic and alterative.

FOR THIRTY-ONE YEARS  
**PEREY DAVIS'**  
**PAIN KILLER**

Has been tested in every variety of climate, and by almost every nation known to Americans. It is the almost constant companion and inestimable friend of the missionary and the traveler on sea and land, and no one should travel on our LAKES or RIVERS WITHOUT IT.

**PAIN KILLER was the first and is the Only Permanent Pain Reliever.**

Since the PAIN KILLER was first introduced, and met with such unsurpassed sale, many Liniments, Panaceas and other remedies have been offered to the public, but none have ever been able to give the true and permanent relief of the PAIN KILLER.

**WHY IS THIS SO?**  
It is because DAVIS' PAIN KILLER is what it claims to be—a Permanent Pain Reliever.

**Its Merits are Unsurpassed.**  
If you are suffering from Internal Pain, twenty or thirty drops in a little water will almost instantly cure you. There is nothing to equal it. In a few moments it cures

Colic, Cramp, Spasms, Heart-Burn, Diarrhea, Dysentery, Flux, Wind in the Bowels, Sour Stomach, Dyspepsia, Sick Headache.

In sections of the country where **FEVER AND AGUE** prevail, there is no remedy held in greater esteem. Every housekeeper should keep it at hand, to apply on the first attack of the fever. It will give satisfactory relief, and save hours of suffering.

Do not trifle with yourselves by testing untried remedies. Be sure you call for and get the genuine PAIN KILLER, as many worthless nostrums are attempted to be sold on the great reputation of this valuable medicine.

Directions accompany each bottle.  
Price 25 cts., 50 cts. and \$1 per Bottle.

**ALLEN'S LUNG BALSAM**

**It Acts on the Kidneys,**  
**It Acts on the Liver,**  
Which makes it more than a Cough Remedy.

Read the following from a Reliable Druggist of Michigan.

MARINE CITY, Mich., July 28th, 1870.  
J. N. HARRIS & Co.—Dear Sirs: The Allen's Lung Balsam has arrived. I would not like to be without it, for it has saved my life. I took a bad cold and a cough, and finally consumption was seated upon me. I was in a very bad state. I tried everything that was recommended, and spent a great deal of money and got no help. I had Allen's Lung Balsam for sale, but I knew nothing of its merits. I did not like to take it without knowing more about it. I had not sold a bottle. When your agent called on me I told him I could not sell a medicine I knew nothing about. He urged me to try it myself. I did so, and to my grateful surprise the first bottle stopped my cough, and before the third bottle was taken my lungs were healed and well, and I can now speak knowingly to my friends and customers, of the good qualities of Allen's Lung Balsam.

I remain yours, respectfully,  
L. C. COTRELL.

It is Harmless to the most Delicate Child.

It contains no opium in any form.  
It is sold by Medicine Dealers Generally.

**CAUTION.**  
Call for "Allen's Lung Balsam" and shun the use of any other Balsam, unprincipled men may deceive you with worthless preparations.

**Cherokee Pills No. 2**  
For the Removal of Obstructions and the  
Insurance of Regularity in the Re-  
currence of Monthly Periods.

These Pills are an unfailing Female Regulator, intended for special cases; those obstinate ones which resist all other and cheaper medicines fail.

They are composed of the most active and powerful principles of plants, roots and berries, so highly concentrated that each pill contains more medicinal strength than a whole box or bottle of ordinary pills, yet so mild and pleasant in their operation, that the most feeble can take them with perfect safety.

They may be safely used at any age, and at any period, except during the first three months, during which the unfailing nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

Each box contains about 100 pills, and is wrapped in white paper printed in deep red letters, with full and explicit directions enclosed.

Sent by mail, free of postage, on receipt of price, \$5, per box.

The Cherokee Pills No. 2 are sold by all enterprising Druggists in the civilized world. Some unprincipled dealers, however, try to sell worthless compounds in place of this; those which they can purchase at a cheap price, and make more money. As you value your health, do not be deceived by such unprincipled Druggists, ask for these pills, and take no others. If the Druggist will not buy them for you, enclose the money in a letter and we will send them to you by mail, free of postage, securely sealed from observation.

Ladies or Gentlemen can address us in perfect confidence, stating fully and plainly their diseases and symptoms. Patient need not hesitate because of their inability to visit us, as we have treated patients successfully in all portions of the civilized globe, by correspondence.

Patients addressing us will please state plainly all the symptoms, and write Post Office, County, State and name of writer, and enclose postage stamp for reply.

We desire to send our thirty-two page pamphlet, entitled "How and When to Use Cherokee Pills," to every reader of this paper. Send address, with Stamp to pay return postage, and address as follows:

**GREATEST**  
**MEDICAL DISCOVERY OF THE AGE.**

**Dr. Fowler's Compound Extract,**

FOR THE CURE OF  
Scrofula, Syphilis, Liver Complaint,  
Consumption, Chronic Rheumatism,  
Diseases of the Kidneys  
and Bladder, and all Blood  
Impurities.

We offer to the American public a new and valuable remedy for the above-mentioned diseases. Fowler's Compound Extract is composed of the best medicine known to Materia Medica. It is perfectly pure in all its ingredients, being composed of several well-known articles universally used by the best Physicians, each of which—in combination—supplies what experience has shown to be wanting when singly employed; but the result of patient investigation, requiring time, labor and skill, so as to give the public a genuine article, which they can rely upon, and in place of the worthless and dangerous Patent Medicines flooding the country; and therefore enables us to warrant Fowler's Compound Extract to be the most perfect curative for diseases of the blood ever discovered.

**SCROFULA.**  
This compound is a never-failing cure for this terrible disease. How many diseases have their seat in the blood—diseases which have been treated in vain for years. If the blood alone is purified, in most cases health and happiness will soon return. Dr. Fowler's Compound acts especially upon the virus in the blood, causing in time the disappearance of the hideous sores, and restoring the skin to a beautiful appearance, the eye clear and sparkling, and the whole human organization becomes healthy.

**SYPHILIS.**  
Of all diseases which flesh is heir to, none bring so much misery, moral and physical, as Syphilis. To all so afflicted we can truly say this remedy will help you. Two articles found, by experience, to be peculiarly efficacious for this disease are contained in this compound. We ask you to try Dr. Fowler's Compound Extract, and, by giving it a fair trial, it will cure you.

We speak with much confidence of Dr. Fowler's Compound, because we know what it is composed of, and what it will do. We know Dr. Fowler, who is a physician of known repute, standing second to none in the country, of long experience, an honorable man, who, having a reputation for character, as well as ourselves, would never allow a medicine to go before the public without merit. And we say of this Compound, if taken according to directions, after a fair trial, it will do all we claim for it.

We offer it as a new discovery, which it certainly is—a genuine article for Scrofula, Syphilis, and all blood impurities; and knowing the genuineness of it, as such we send it forth, saying, "Go, Heal the Suffering!"
